Nanthamon Supo

Frontend & UI/UX Developer

An enthusiastic Computer Science student focused on Frontend Development and UI/UX Design with a solid foundation in HTML, CSS, JavaScript, and React. Passionate about building modern, responsive web applications with intuitive interfaces, and continuously refining full-stack integration skills through hands-on academic projects.

KEY PROJECTS

Smart Campus Dashboard & Resource Booking

2026

- Designed clean, user-friendly UI/UX and developed responsive components using React and Tailwind CSS.
- Integrated RESTful APIs to enable real-time room reservations and instant verification.

Aura Roast - Online Specialty Coffee Store

2026

- Engineered modern e-commerce user interface including shopping cart, product catalog, and checkout flow.
- Handled UI state management and tested seamless API communication with backend services.

CERTIFICATIONS
